### Remarks

Here is an amazing opportunity to either renovate or tear down and rebuild on a gorgeous oversized 10,800 sf lot with a beautiful pool already in place. Located in the sought after "Village" of Longboat Key, it is surrounded by multi-million dollar homes and is ready to be reimagined! The interior of the home was remediated after the recent storm with removal of drywall and has been left in that condition awaiting its next visionary owner. The gorgeous pool sits in a large and private fenced in backyard and it features a metal roofed shed in addition to the home that could be used for storage or a studio. The lively Village is known for its friendly, laid back island lifestyle and this would be an amazing opportunity to jump in and make it your own. Longboat Keys beaches stretch for miles with sunsets that are not to be missed. Let this exceptional location be your new place to call home.
